July, 2016

Dear Parent/Guardian:

At St. Dominic Catholic Secondary School, it is important to us that we provide opportunities for our students and teachers with the tools they need for the 21st century. As we continue to personalize your son's/daughter's pathway, St. Dominic C.S.S. has implemented a one-to-one Chromebook initiative for every student.

From this point forward your son/daughter will have opportunity to use this educational tool both within the school and at home. This St. Dominic C.S.S. initiative is a pilot project within the Simcoe Muskoka Catholic District School Board (S.M.C.D.S.B.) that provides your son/daughter with his/her own Chromebook with school-based internet access to allow him/her to engage in new approaches to learning. The device will function offline for at home use, and there is no expectation of at home internet access.

You are requested to review the following handbook <http://dom.schools.smcdsb.on.ca/> , especially categories relating to students' responsibilities for proper use of the Chromebook . In addition, acknowledgement forms have been included that **must be signed by the parent and student** before a Chromebook will be issued. This initiative and all its acceptable use documents will be reviewed on an on-going basis.

As we move forward in supporting your son's/daughter's personalized education, we welcome any feedback. Should you have any questions, and/or feedback, please do not hesitate to contact me at the school.

Sincerely,

Mr. K. Strong
Principal
